ASK QUESTIONS. GET ANSWERS.

Here to help.

For parents of
children aged
0 - 5 years

PARENTAL ADVICE

Do you have questions about your child's development, education, diet and health or about other family-related topics?

Our team of professional advisors is here for you. We will provide free, confidential help and support for you in dealing with the challenges of daily family life, big and small.

We provide parents with advice and support on the subjects of

Development and education

- Weighing and measuring
- Age-appropriate development
- Day-to-day questions (e.g. jealousy, sleep, biting, tantrums)

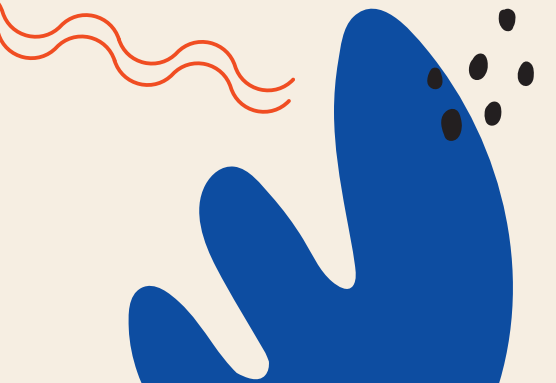

Breastfeeding, diet, development of movement

- Breastfeeding advice
- Nutrition for infants and toddlers, family meals
- Children and exercise

Health

- Caring for healthy and sick children
- Practical tips for massage, baby slings and carriers, nappy changing
- Accident prevention

Child protection and family

- Respite opportunities
 - Child protection
 - Understanding your role as a parent
 - Triage and networking with other specialists (e.g. speech therapists, osteopaths)
